

GLY261 Practical 4: Phase Diagrams and Textures

Name: _____

Student Number: _____

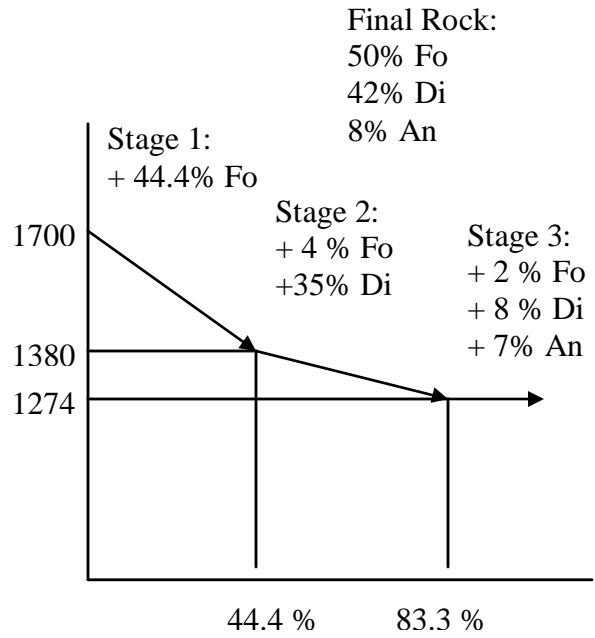

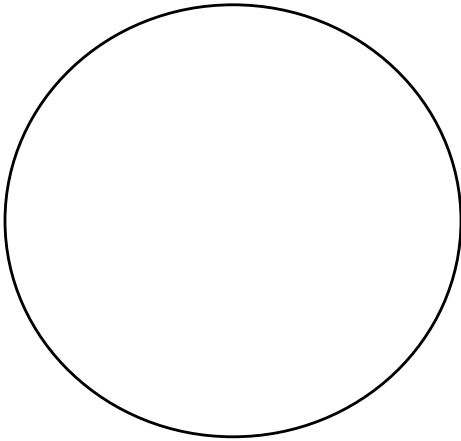

Compile crystallisation sequences for the rocks formed by the crystallisation of liquids 1, 2, and 3. Use the crystallisation sequences to draw diagrams of F vs T on the axes given. With this information, draw sample sketches of the rock textures.

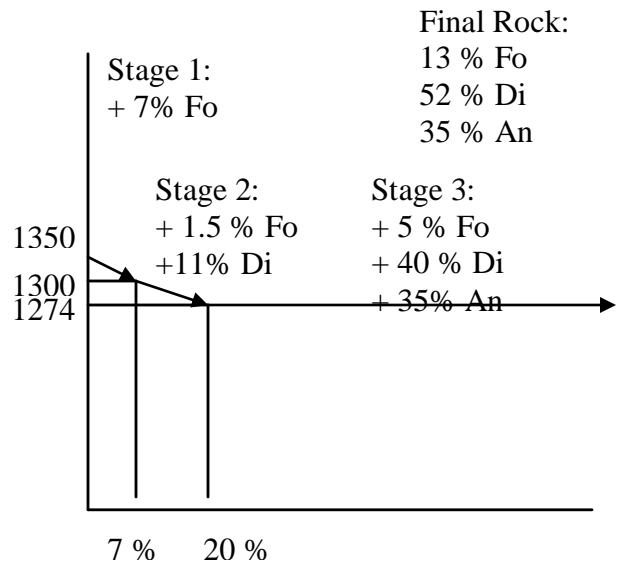

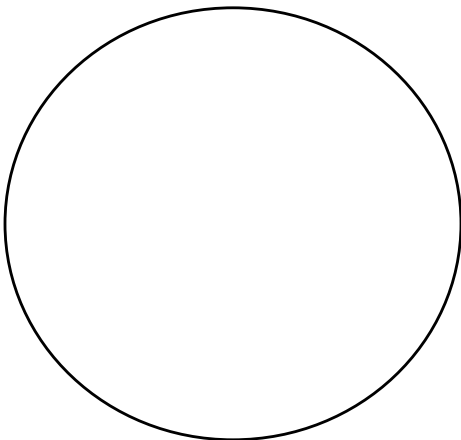

Compile crystallisation sequences for the rocks formed by the crystallisation of liquids 1, 2, and 3. Use the crystallisation sequences to draw diagrams of F vs T on the axes given. With this information, draw sample sketches of the rock textures.

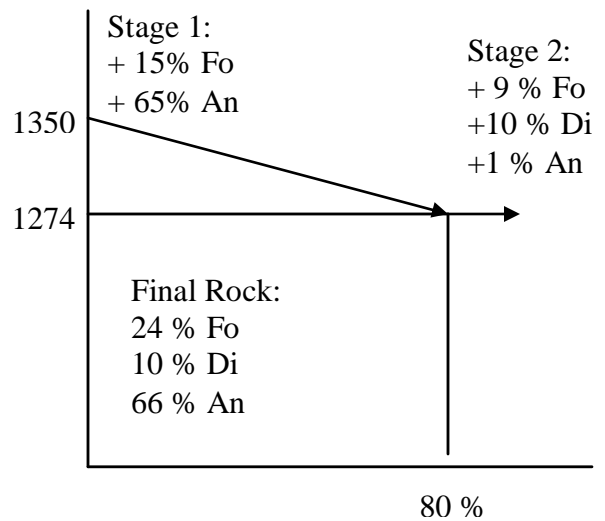

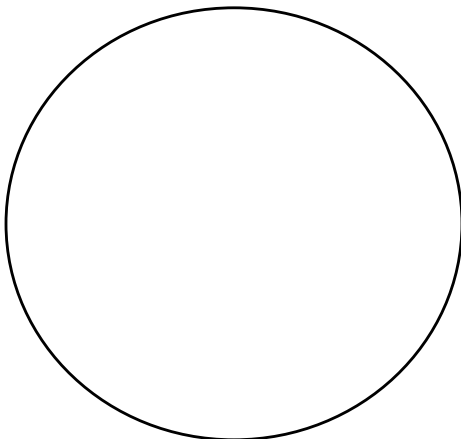

Rock 1

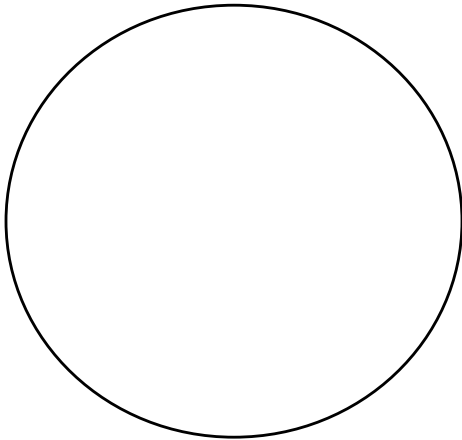

Rock 2

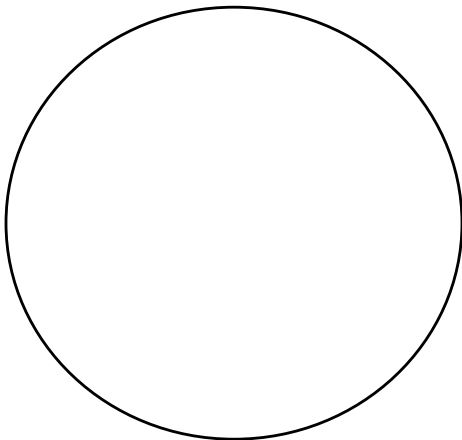

Rock 3

Rock A

Rock B

Rock C
